## Gadget World

*Hundreds of brilliant gadgets at amazing prices!*

### These are our three top gadgets this month.

The UE Boom 2 is a small speaker with a really big sound! It's about the size of a can of drink, so you can carry it with you easily and enjoy listening to your music. It's round, so the sound comes out in all directions. It's powerful enough to fill a large room with music, so you can have a party wherever you are! It's made of strong plastic, so it's OK if you drop it and it's also waterproof, so you can use it at the beach or in the shower. And the battery lasts for fifteen hours.

Do you sometimes forget to charge your phone? Well, why not buy some EnSoles? They look like normal insoles, but they use the power that you make when you're walking to charge your phone. Just put the EnSoles in your shoes, plug your phone cable into your shoe and you can chat or text while you walk. They're really cool, and a very useful gadget.

Taking selfies is fun, but sometimes you'd like your selfie stick to be just a little bit longer. Well, the Nixie is the perfect gadget for you! It's a camera that flies! You wear it on your arm like a watch, so it's easy to carry. When you're ready to take a photo, you let it go and it flies up into the air. It knows where you are and it can follow you to take some awesome photos. It then comes back down, you catch it and put it back on your arm. Simple! The Nixie isn't available to buy yet, but you can put your name on the list to get one as soon as they're on sale.
